## 01 · WHO WE ARE

### A Design Studio for Unique Corporate Gifts

Gifted Studio is a Helsinki-based design studio creating handcrafted custom corporate gifts and event objects for companies that care how their brand is remembered.

We help HR, Marketing, and People teams create thoughtful corporate gifts without coordinating several suppliers. From a first concept to final delivery, we handle the details — helping your team avoid the complexity of sourcing, branding, assembly, and coordination.

We combine Finnish packaging craftsmanship with carefully selected products from local makers. Each collection is designed around your brand and assembled by hand in Helsinki using considered materials and details made to last.

## 02 · WHERE WE CAN BE HELPFUL

### Made for Meaningful Business Moments

Thoughtful gifting for the moments that shape relationships, culture, and brand perception.

**Conferences & Events**

Make your event more memorable with a gift designed around the occasion. Sets can be adapted for speakers, VIP guests, participants, media, or event partners.

**Best For:** Conferences, Business Forums, Press And PR Events, Speaker Gifts, Product Launches.

**Seasonal & Christmas Gifting**

Thank your employees, clients, and partners at the end of the year with a carefully assembled gift that feels warm, personal, and far from generic.

**Best For:** Christmas Gifts, Seasonal Campaigns, Holiday Client Gifting, Year-End Appreciation.

**Client & Partner Gifts**

Show appreciation to the people and organisations behind your business relationships. We create refined gifts that feel personal, considered, and appropriate for important professional connections.

**Best For:** VIP Gifting, Client Thank-You Gifts, Year-End Appreciation, Partner Relationships.

**Employee & Onboarding Gifts**

Welcome new team members or recognise the people who help your company move forward. A thoughtfully customised set creates a warm first impression and gives appreciation a tangible form.

**Best For:** Team Milestones, Welcome Packs, Work Anniversaries, Employee Appreciation.

**Private Events**

Create a personal favour or welcome gift around your celebration.

**Best For:** Welcome Gifts For Guests, Private Dinners And Intimate Gatherings, Anniversary Celebrations.

## 03 · WHY GIFTED STUDIO

### Why Companies Choose Gifted Studio

Finding a corporate gift that is high-quality, genuinely eco-conscious, and fully aligned with your brand guidelines can be an overwhelming task. Gifted Studio was built to solve this complexity.

|                                                                                                                               |                                                                                                                                     |

## Object No.01

# Sininen Hetki

A premium conceptual set inspired by the fleeting hour between daylight and darkness. This collection is designed for thoughtful gestures that do not need to be loud to be remembered.

A quiet Finnish evening, brought together through tea, chocolate and glass bottle.

|                          |                                                                                                                                                                                                                                  |

# Olet Tärkeä

A notebook for ideas yet to come, a cup for everyday moments and a small touch of sweetness are brought together to express an appreciation for the people who become part of a company's story.

A personal message from the giver is integrated into the inner lid, turning a simple gesture into something distinctly personal.

|                          |                                                                                                                                                                                                                                   |

## Object No.04

# Kohtaaminen

A simple gesture of thanks, presented in a ribbon-tied keepsake box. The set brings together a notebook for new ideas and a small chocolate treat.

A personal message from the giver is placed inside the lid, turning a brief encounter into something worth remembering.

|                          |                                                                                                                                                                                      |

## Object No.05

# Pieni Kiitos

Classic Fazer chocolates are presented in a handcrafted cylindrical box, turning a well-known Finnish favourite into a thoughtful branded gift.

The box and ribbon can be adapted to the company's visual identity. A foil-stamped logo or a branded card with a personal message can complete the presentation.

|                          |                                                                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|

## 05 · BRAND INTEGRATION

### Customization, Tailored to Your Corporate Identity

We don't just place a logo on a generic box. We weave your brand identity into the very architecture of the gift experience. By adapting the colours, textures, and curated contents to match your brand book, we turn every set into a natural, seamless extension of your company's unique story.

Through tailored logo application and personal thank-you messages placed directly on the inside lid, we transform the opening ritual into a meaningful dialogue.

## 06 · HOW WE WORK

### A clear B2B workflow to save your team's time

- 01 Concept & Alignment**  
You select a base collection from our catalogue, and we discuss design and customisation, quantity, and timeline.
- 02 Sample Approval**  
After the order payment, we source custom materials then master crafts an individual sample of your set and sends photo and video for your final approval.
- 03 Production & Delivery**  
The entire batch is built by hand in our studio. Once completed, we send you a final visual confirmation and deliver directly to your office.
